

Liquid Turbine Flow Meters
Primary Flow Elements (Orifice Plate)
Pressure Transmitters (DP, Gage & Absolute)
DP Flow Indicator (and switch)
Temperature Elements (RTD's)
Temperature Transmitters
Gas Turbine Flow Meters
Flow Computers

Cone Meter for Gases & Liquids
Positive Displacement Flow Meters
Flow Totalizers & Rate Indicators
DP Indicators
Corolis Flow Meters
Chart Recorders
Level Indicators for Cryogenic Applications

Pressure Switches
Temperature Switches
Float Level Switches (single/multi-point)
Side/Top Mount Level Switches
RF Capacitive Level Switches
Submersible Level Transmitters
Submersible Pressure Transmitters
Magnetic Level Gauge

Differential Pressure Switches
Vane Flow Switches
Displacer Level Switches
Pressure Transmitters
Ultrasonic Gap Level Switches
RF Capacitance Level Transmitters
Thermal Differential Flow Switch
Dump Valves

RTD's
Thermocouples, Type J, K, T, E, N
Shielded, Grounded, Ungrounded

316SS or Alloy sheath
Thermocouple Wire

Protection Tubes, Thermowells & Sample Probes

LEL-Infrared & Catalytic Bead Sensors
Toxic Gas-Electro-Chemical (EC)
Photo Ionization Detection (PID)
Fixed-Point Single/Dual Gas Monitors

Ammonia / Freon Gas Monitors
Wireless & Remote Fixed Monitoring
Industrial & Commercial Applications
Parking Garage Gas Monitors

Fixed Gas Sensors
Sample Draw Manifolds & Systems
Calibration Equipment - Span Gas
Audio Visual Alarm Stations
Smart Wireless Systems

Control Systems
Remote Displays
Engineered Systems
Communication Protocols Include,
HART, Modbus, Ethernet, Etc.

Thermal Differential Process Switch for:
Flow Switch For Liquids & Gases, Level, Temperature & Interface Switch

Sight Flow/Level Indicators
Sanitary Sight Flow Indicators
Reactor Vessel Sight Glass

Bullseye Flow Indicator
Tank Sight Glass
Tank Lighting Systems

Submersible Level Transmitter
Float Switches (Single/Multi-Point)
Single & Multi Loop Level Controllers
Annunciators and Auto Dialers

Conductivity Switch (Single/Multi-Point)
Paddle Wheel Flow Meters
Pump Controllers (Dual, Triplex & Quad)

Head Mount Temperature Transmitters
 DIN Mount Temperature Transmitters
 Universal Input DIN Transmitters
 Universal Input DIN Signal Conditioners
 DC Input Isolators
 Convertors & Splitters

Remote & Integral Mount
 Assemblies, Single & Multipoint
 Explosion Proof or Weatherproof
 Surface mount or Insertion etc.
 Accessories heads, Terminal Blocks
 Trip Alarms

Limit Switches & Sensors
 Switch Boxes & Valve Monitors
 Valve Control Monitors
 Valve Network Solutions
 Position Transmitters

Positioners
 Wireless Solutions
 Sanitary
 Solenoid Valves

Electric Actuators
 Pneumatic Actuators
 Hydraulic Actuators
 Electro-Hydraulic Actuators

Submersible Actuators
 Control Products
 Gas Powered Actuators

Metal Tube Variable Area Flow Meters
 Thermal Mass Flow Meters
 Electromagnetic Flow Meters
 Coriolis Mass Flow Meters
 Thermal Mass Flow Meters

Differential Pressure Flow Meters
 Paddle Wheel & Oval Gear Meters
 Fixed/Adjustable S.P. Flow Switches
 Excess Flow Valves & Velocity Fuses
 Vibration Level Switches

The SWA1- Smart Water Analyzer is the only real-time water contamination detection system that continuously analyses the quality of running water, detects & immediately alerts of any general turbidity, microbiological and/or organic contamination.

Gas Analyzers For O₂, NO/NO_x
 Multi-Component Analyzer
 1570 Series - Total Hydrocarbon Analyzer
 1570M Series - Total CH₄/Non-Methane
 IS-2500 Multi-Gas Analyzer
 Process Dust Analyzers
 Broken Bag Detection Dust Analyzer
 Process Solids Analyzers

Emissions/Dust Monitoring
 Process Dust & Opacity Monitors
 Laser Dust Monitoring
 Stack Monitoring
 Landfill/Biomass Gas Analyzer
 Process Gas Analyzers
 Process Liquid Analyzers

Solids Mass Flow Meter
 Gravimetric Feeder
 Gravimetric Filler
 Multivariable Transmitter
 Bio-Energy Combustion System

Insertion Pitots For Duct Air Flow Meter
 High Accuracy Duct Flow Meter
 High Beta Flow Conditioner
 Batching With Flow Rate Control
 Recipe-Based Blending

Proflow Services and Technical/Customer Support

Instrument Calibration Services
 Start-up & Commissioning
 PID Loop Tuning

Instrument and Valve Specifying
 Instrumentation Sourcing Services
 Instrumentation Application Assistance
